ICICI Pru Loan Protect benefits in detail

1. Death Benefit: For an in-force policy, death benefit will be payable on death of the Life Assured during the policy term. The amount payable as death benefit will depend upon the death benefit option chosen by you at the inception of the policy.

The death benefit for Fixed Cover option is defined below.

- For One Pay, Sum Assured as chosen by you is always greater than 125% of single premium.
- For Five Pay, Sum Assured as chosen by you is always greater than 7 times annual premium and 105% of premiums paid.

2. Surrender Value:

For One Pay option, Surrender Value will be payable if you voluntarily terminate the policy.

For the Five Pay option, Surrender Value will be payable if:

- a. You voluntarily terminate the policy, or
- b. You discontinue paying premiums and do not revive the policy within the applicable revival period. The expiry of the grace period will mark the discontinuance of the policy. However, the benefit will be payable only at the end of the revival period.

Depending on the year of policy discontinuance, Surrender Value may be zero.

3. Grace period: A grace period of 30 days is allowed under the policy. If the due premium is not paid within the grace period, the policy will lapse and the cover will cease.

4. Revival of the policy: A policy, which has lapsed for non-payment of premium within the grace period, may be revived within five years from the due date of the first unpaid premium. If the policy is not revived within this period then the applicable Surrender Value will be paid and the policy will terminate.

The following conditions apply for revival:

The application for revival is made within 5 years from the due date of the first unpaid premium and before the termination date of the policy. Revival will be based on the prevailing Board approved underwriting policy.

The Policyholder furnishes, at his own expense, satisfactory evidence of health of the Life Assured as required by us.

The arrears of premiums together with interest at such rate as we may charge for late payment of premiums are paid. The interest rate applicable in December 2019 is 7.97% p.a. compounded half yearly.

The Policyholder furnishes, at his own expense, satisfactory evidence of the loan continuing as required by the Company.

The revival of the policy may be on terms different from those applicable to the policy before premiums were discontinued; for example, extra mortality premiums or charges may be applicable. The Company reserves the right to refuse to re-instate the policy. The revival will take effect only if it is specifically communicated by us to you. Any change in revival conditions will be subject to prior approval from regulator and will be disclosed to policyholders.
