**Chola MS**  
GENERAL INSURANCE

Considering our extended work hours, insufficient physical activity, unhealthy body weight, sedentary lifestyle and vices, it's no surprise that critical health conditions are fast becoming a reality than just a possibility for many of us. And serious illnesses come with serious costs, which, according to a recent WHO survey, 99% of us cannot absorb without a financial shock to the family. It's exactly this situation that a Chola MS Critical Healthline Insurance will help you avoid.

### **But isn't a standard Mediclaim policy enough?**

Mediclaim covers both minor and critical hospitalisation expenses. But in the case of a critical illness, it does not provide for loss of income, mortgage repayments, educational expenses, additional expenses arising out of prolonged hospitalisation, etc. Chola MS Critical Healthline Insurance, on the other hand, gives you a lump-sum in case you are diagnosed with any of the listed illnesses without asking you for any hospitalisation bill. This ready-in-hand amount will help you manage your critical illness expenses, as well as your other financial commitments, comfortably.

### **But I already have life insurance!**

A life insurance policy pays your family when you are not around. A Chola MS Critical Healthline Insurance pays you if you are diagnosed with a life-threatening disease and survive. The lump-sum amount that you receive will help you overcome any financial hardship that could arise during these troubled times.

### **Two Critical Healthline Plan options**

- Standard Plan** : Covers the first 10 critical illnesses listed below
- Advanced Plan** : Covers all 12 critical illnesses listed below plus ambulance charges up to ₹1000

### **Policy Waiting Period**

You can make a claim for any of the critical illnesses diagnosed 90 days after the commencement of the policy. This waiting period will not be applicable for renewal policies.

### **Chola MS Critical Healthline Insurance pays the full Sum Insured towards the following critical illnesses.**

You can make a claim if you are diagnosed with a Critical Illness and have survived for a period of 30 days post confirmed diagnosis.

#### **Cancer of Specified Severity**

Malignant tumors including leukemia, lymphomas and sarcomas characterised by uncontrollable growth and spread of malignant cells and the invasion and destruction of normal tissue shall be eligible for a claim.

#### **Stroke resulting in Permanent Symptoms**

A stroke happens when blood flow to a part of the brain is interrupted because a blood vessel in the brain is blocked or bursts open. A stroke causing permanent neurological damage which lasts for more than six months is payable under the policy. Reversible ischaemic attacks and traumatic injuries to brain are excluded.

#### **First Heart Attack of Specified Severity**

A heart attack is when blood vessels that supply blood to the heart are blocked, preventing enough oxygen from getting to the heart. The heart muscle dies or becomes permanently damaged. Your doctor calls this a myocardial infarction. You can claim for first occurrence of myocardial infarction.

#### **Open Chest CABG**

Coronary Artery Disease is a narrowing of the small blood vessels that supply blood and oxygen to the heart. The undergoing of open chest surgery for the treatment of a blockage of one or more coronary arteries with bypass grafts (CABG) is eligible for a claim.

#### **Kidney Failure requiring Regular Dialysis**

Kidneys act as filters and remove waste from blood. When kidneys fail to do this, waste builds up in the blood and leads to severe complications. Although it is possible to manage with one kidney, if both kidneys fail completely one will

need long-term dialysis or a transplant. A claim is payable when there is a failure of both the kidneys.

### **Multiple Sclerosis with Persisting Symptoms**

Multiple Sclerosis is caused by damage to the myelin sheath, the protective covering that surrounds nerve cells in the brain and spinal cord. When this nerve covering is damaged, nerve impulses are slowed down or stopped.

### **Major Organ / Bone Marrow Transplant**

Sometimes a major internal organ is so badly affected, the only effective treatment is replacement with a healthy one. This policy covers transplant of a heart, lung, liver, kidney, pancreas (excluding the transplantation of the islets of Langerhans only) or bone marrow.

### **Permanent Paralysis of Limbs**

Paralysis is loss of muscle function for one or more muscles most often caused by damage in the nervous system. A claim is payable for paralysis when there is complete and permanent loss of use of both arms or both legs or one arm and one leg, due to paralysis.

### **Surgery of Aorta**

The Aorta is the main artery that supplies oxygenated blood to all other parts of the body. Blood flow is reduced if the arteries become narrow due to disease of the aorta. This is much like what happens in an old rusty pipe. You can claim if condition needs surgical replacement of your diseased aorta with a graft.

### **Primary Pulmonary Arterial Hypertension**

The pulmonary artery is the blood vessel that carries blood from the heart through the lungs. When the small arteries (blood vessels) of the lung become narrowed, they cannot carry as much blood. When this happens, pressure builds up leading to Right Ventricular Enlargement. Pulmonary hypertension is abnormally high blood pressure in the arteries of the lungs. It makes the right side of the heart need to work harder than normal.

### **Following additional illnesses covered only in Advanced Plan**

#### **Parkinson's Disease**

Nerve cells use a brain chemical called dopamine to help control muscle movement. Parkinson's disease occurs when the nerve cells in the brain that make dopamine are slowly destroyed. Without dopamine, the nerve cells in that part of the brain cannot properly send messages. This leads to the loss of muscle function. The damage gets worse with time. In some cases, Parkinson's disease occurs in families. When a young person is affected, it is usually because of a form of the disease that runs in families. You can claim if activities of daily living are affected for at least 6 months.

#### **Motor Neuron Disease with Permanent Symptoms**

Motor neurons are the cells that control voluntary muscle activity including speaking, walking, breathing, swallowing and general movement of the body. You can claim if activities of daily living are affected due to disease of Motor Neuron.

*This is a simplified explanation of the critical illnesses. For 'exact definitions detailed coverage / exclusions under diseases, please refer policy wordings.*

### **Who can buy?**

You can buy this for:

Yourself, Spouse and dependent children

\* Applicable for renewal.

The company may, from time to time and subject to IRDA approval, revise premium rates based on experience.

The premium rates, terms and conditions at the time of renewal shall apply.

## Renewal

### Lifelong Renewal

Grace period for renewal would be 30 days from date of expiry of previous policy. However, claims during the grace period are not payable.

Sum Insured can be changed at the time of renewal, subject to written application and acceptance by the Company. The increased Sum Insured shall be as if a new policy is issued for the additional Sum Insured. The additional Sum Insured will be available subject to waiting period as per exclusion of the policy wordings

Any changes to the Policy terms subject to IRDA Approval shall be notified to the policy holder at least three months prior to the date when such revision or modification comes into effect with reasons thereto.

The policy may be withdrawn from the market subject to IRDA Approval. We shall notify you of such withdrawal atleast 3 months prior to the renewal date of the policy. As insured, you will have the option to purchase another policy with similar covers, if available with the company subject to portability conditions.

### Free look Period:

You are allowed 15 days from the date of receipt of policy to review the terms and conditions of the policy and to return the same, if not acceptable. In such a case, the policy will be cancelled from the date of cancellation request received at our office provided no claim is reported and considered. Refund of premium would be after retaining charges towards medical tests, stamp duty and pro-rata premium from the risk start date till date of cancellation for the period of coverage enjoyed by you.

### Cancellation:

15 days written notice is required for cancellation by either parties

In case of cancellation by you, we will retain a part of the premium for the period for which you were covered under this policy.

### Portability

In the event of you holding a Health Insurance Policy with similar type of cover with any other Indian Insurer, you have the option to port into this product with continuity benefits as per IRDA norms.

### Claim Procedure

- On first diagnosis of any of the named critical illnesses, you will have to intimate us by mail or through our toll-free number
- On completion of necessary survival period, you will have to submit a completed claim form along with proof of diagnosis
- We will send you a cheque for the sum insured amount to address mentioned in the policy, if your claim is admissible
- Your policy will terminate immediately on full payment of claim for any of the named critical illnesses
- The policy will be terminated upon the demise of the insured person in which case we will refund the pro-rated premium for the unexpired period subject to no claim.

### Main Exclusions

- Any critical illness arising due to any pre-existing disease
- Any critical illness diagnosed within the first 90 days from the date of commencement of the policy. This waiting period will not be applicable for renewal policies
- Intentional self injury and / or the use or misuse of intoxicating drugs and / or alcohol
- Death of insured person before survival period specified for specific diseases

For complete list of exclusions, terms and conditions, please read policy wordings available on our website [www.cholainsurance.com](http://www.cholainsurance.com)

## What Chola MS Recommends

A Chola MS Critical Healthline Insurance will protect you with a lump-sum payment against any of the named critical illnesses but you may also get hospitalised for other illnesses / injuries. The cost of such hospitalisation can become a major irritant in your daily finances. We therefore recommend a basic health insurance policy - Individual Healthline Insurance - along with a Critical Healthline policy. This would ensure you get complete protection for your health.

Individual Healthline Insurance is a unique hospitalisation policy for extended health coverage that would take care of

- Hospitalisation expenses
- 60 days pre and 90 days post hospitalisation expenses
- 141 day care procedures not requiring hospitalisation
- Ayurvedic treatments
- Maternity expense
- Entry age up to 65 yrs (no medical test up to 55 yrs)
- Lifetime renewal

For more details on Individual Healthline Insurance, contact us now.
