## We are there for you during the time of distress

There is a lot on your mind when you are ill – anxieties, uncertainties and even fear. You want the best treatment, be it for yourself or your family. In such a situation, the biggest concern is to be able to afford the treatment. You and your dependents have too much at stake being left without financial protection. Given the ever rising healthcare costs in India, one ailment is all it takes to wobble your financial health. With Future Hospicash, we lessen the burden on the financial front so that you can take care of your health.

**What is Future Hospicash** Future Hospicash is a cover that provides cash benefit in case you get hospitalised. It is specifically designed to take care of the incidental expenses in case of hospitalization. The policy guards you and your family against the trauma you face because of increased financial burden during hospitalization. It gives you fixed benefit for each day of hospitalization irrespective of the actual medical cost, thus providing an additional protection all the time.

### Benefits

	Continuity would be offered from similar Hospital cash policy with the same per day benefit amount.		The product is offered from six months to 65 years and renewable lifelong.
	The per day benefit will be two times when hospitalised in an ICU in your home city i.e. within the city of residence.		The policy can be on individual Sum Insured basis or on family floater basis, covering self, spouse, and two dependent children (up to 25 years).
