RELIANCE GENERAL INSURANCE

Lowest farmer share premium rate till date – one crop one rate (Kharif : 2%, Rabi : 1.5% and Commercial and Horticulture crops : 5 %)

Q. What is crop insurance?

Ans. Crop Insurance aims at supporting sustainable production in agriculture sector by way of -

1. providing financial support to farmers suffering crop loss/damage arising out of unforeseen events
2. stabilizing the income of farmers to ensure their continuance in farming
3. encouraging farmers to adopt innovative and modern agricultural practices
4. ensuring flow of credit to the agriculture sector; which will contribute to food security, crop diversification and enhancing growth and competitiveness of agriculture sector besides protecting farmers from production risks.

Q. As per the new crop insurance scheme what is the maximum premium rate a farmer will have to pay?

Ans. As per the new crop insurance crop insurance scheme all food crops and oil seeds in kharif, the maximum premium rate payable by farmer is 2% of sum insured and Rabi it is 1.5% of sum insured. The maximum

premium rate payable by farmer for annual/horticulture/commercial crops is 5% of sum insured.

Q. Will the farmers have to face the same problem of capping, like the previous insurance scheme?

Ans. No, in previous schemes when premium rate was higher than the capping limits, the limit of sum insured was reduced by which the compensation used to decrease. In the new scheme full sum insured is getting covered and in case of 100 percent of crop loss full sum insured would be payable.
